## Youth Performance Company – Student Actors:

### Writing/Essay/Journal

The Youth Performance Company with Artistic Director Jacie Knight has been empowering young people through the arts since 1989. YPC is currently tackling the issue of bullying in an original drama called *Mean*. Write about a time you were bullied, saw someone else being bullied, or intervened on behalf of someone being bullied. Also, how would you describe the physicality of the work by Youth Performance Company?

### Activity

How could you help victims being bullied feel welcome to inform you about moments they have felt unsafe and/or unfairly treated? Role-play such an interaction.
