

ACTIVITY GUIDE

Maria Jette – Soprano

Writing/Essay/Journal

Maria Jette says that she reached her early career goal: to make enough income as a musician to be able to afford to eat whatever food she wanted.

Write a definition of what it would take for you to feel successful in your future career.

Activity

In her 25-year singing career, Maria has tried many genres and adapted the range of her voice. Think about something that you enjoy doing and imagine new ways to expand your activity. Can you try a different approach, revamp your expectations, include new people, or try a new aspect of it? See if you can capture her feeling of being “the luckiest person in the Twin Cities” by enjoying how “delicious” it is to do what you do.
